**FISHERIES MANAGEMENT (PROHIBITED ACTIVITIES)
REGULATIONS 2018**

IN exercise of the powers conferred by section 129 of the Fisheries Management Act 2015 the Minister for Fisheries and Marine Resources makes the following Regulations:

1 Citation

These Regulations may be cited as the Fisheries Management (Prohibited Activities) Regulations 2018.

2 Commencement

These Regulations commence on the date of publication in the *Gazette*.

3 Definitions

In these Regulations:

“carapace” means the upper section of the outer shell of a crustacean;

“carapace length” means a vertical measurement from the rostral horn to the bottom end of a carapace;

“coral” means sedentary invertebrates which normally live in colonies, are composed of polyps and an external calcareous, horny or soft skeleton and are massive, plate, branching or encrusting in character;

“dead coral” means any calcareous, horny or soft skeleton remaining after the death of coral polyps, and includes coral gravel or a fragment which originates from coral;

“destroys” means to damage or to remove;

“live rock” means dead coral or rock naturally colonized by marine life such as invertebrates, corals, sponges;

“rostral horn” means the horn-like projecting structure near the eyes or mouth on a carapace;

“nesting turtle” means any turtle that is above the waterline, anywhere on a beach or in the process of laying eggs;

“seine net” means a fishing net that hangs vertically in the water with its bottom edge held down by weights and its top edge buoyed by floats. And can be deployed from the shore as a beach seine or from a boat;

“shark finning” means the taking of a shark, removing its fin or fins (whether or not including the tail) and returning the remainder of the shark to the sea;

“tag” means any device or system that can be attached to a fish and used to electronically locate, track or otherwise monitor a fish;

“tangle net” means a net made with a thin light nylon rope that has mesh size of less than 8 cm and is strung between a top rope that floats and the bottom rope which has attached weights and a greater amount of slack netting interspersed within its multiple netting walls;

“turtle nest” means a pit on a sand beach which contains turtle eggs; and

“waterline” is wherever the water reaches land at anytime of the day.

4 Application

These regulations apply only to activities, fish and gear specified in the Schedule.
